Utility for Converting Saved Histories

If you have saved histories on your local workstation, then you must use this utility to convert each of them to an online format. A conversion is necessary if you want to open your saved searches in the new version of Current Contents Connect.

- Step 1: Click **Browse...** to locate a saved history file from Current Contents Connect.
- Step 2: Click **Convert** to modify the saved history. In the Save As dialog box, navigate to the folder where you want to save the file, but we recommend using the extension ccc. The file will be saved to your local workstation.

Note: To save the history on the server and create an alert you must run the history in Current Contents Connect. On the Current Contents Connect page click on the Save History button, then follow the directions for saving on the ISI Web of Knowledge Site.
